

Specialized magazine for public services

For twenty-four years, the Modern Municipality magazine has been a loyal and praised assistant to mayors, provosts and other municipal representatives and staff. Together with regional executives and representatives, and regional authority staff this is the largest group of readers of the magazine which is distributed mainly via subscription and has approximately 5 300 subscribers.

It focuses on finances and economics, municipal administration and development, basic infrastructure including public lighting, local government and management, waste management, residential construction, care for monuments and public greenery, cultivation of public space, information and communication technologies and other areas necessary for successful functioning of public services.

Sections Legislation and Legal Advice are also important as these contain intelligible interpretation of laws and regulation with comments published by experts working for central government authorities, leading academic institutions and legal offices specializing in local government law, as well as by municipal lawyers. The magazine is published perfect-bound, printed on wax paper and contains 88 pages on average.
